

Last month, we proudly celebrated our 40th year of transforming lives with friends, team members, and donors at The Madison Hotel in Morristown. We are grateful to Sanofi, a global pharmaceutical company, for their generous support of our 40th anniversary.

This milestone reflects decades of dedication, compassion, and unwavering support. What began as a small group of families determined to build a better future for their loved ones with mental illness has grown into a thriving organization that now owns 35 homes, offering 66 units of affordable housing. Thanks to the commitment of our legislative partners and supporters like you, we continue expanding our efforts to provide safe, stable housing for some of New Jersey's most vulnerable residents. Because at Community Hope, we believe that everyone deserves not just a home, but also the hope and opportunity to rebuild their lives.

Our mission grew even further in 2005 when we opened a transitional housing residence for homeless veterans in partnership with the VA. This 95-bed facility has since helped thousands of veterans regain their independence, and our work continues through rapid re-housing programs and our newly launched **Bringing Veterans Home** initiative, which is dedicated to ending veteran homelessness in New Jersey. We've also expanded into suicide prevention and case management services for veterans in need. None of this progress would be possible without the **generosity and commitment of our community**. As we look to the future, we invite you to join us in strengthening our impact through the Community Hope Foundation—ensuring that, together, we can continue to provide both help and hope for those who need it most.

Meet the Board

Elias Tsepouridis, Foundation Board President

"My connection to Community Hope and their work in Mental Health with Veterans is personal. Having witnessed firsthand with my twin brother, a Navy Veteran, I understand the need to have improved mental health access is crucial for veterans. I am honored to lead the Community Hope Foundation board and contribute to its continued success in supporting the greater Community Hope organization."

Elias Tsepouridis, Senior Vice President of Ionis Pharmaceuticals, FP&A, is deeply committed to his role as President of the Community Hope Foundation. Having witnessed the struggles his twin brother, a Navy Veteran, endured, Elias has a personal understanding of the urgent need for better mental health support for veterans. His passion for advocacy fuels his leadership, guiding the Foundation to offer transformative services to those in need. With great pride, Elias leads the Foundation's board, focused on advancing our mission and extending our reach within the veteran and mental health communities.

Ionis Pharmaceuticals is pioneering RNA-targeted therapies for serious diseases. Founded in 1989, their innovative antisense technology has led to FDA-approved treatments and a strong pipeline for neurological, cardiovascular, and genetic disorders. Committed to precision medicine, Ionis is transforming patient lives through groundbreaking genetic medicine.

Support the Community Hope Foundation

This is a unique opportunity for donors to create a meaningful, lasting legacy while making a real difference in your community. There are several impactful ways you can support the longevity of our mission and help us build a foundation for a brighter tomorrow:

Get Involved

If you're interested in learning more about how you can help, visit our website or

email: mferreira-psych@communityhope-nj.org. Your support today helps ensure a better tomorrow. Thank you for being part of our vision for a brighter future.

Every year Community Hope helps:

support **895 households**

provide **535 families** with housing security

serve **1,231 individuals**
